This is a good way to show what a great community we have here at Rocky Mountain Elementary. This money benefits everyone in this school.

Money raised will go towards new P.E. equipment (tetherballs, 4-square balls, basketballs, music equipment etc..., science projects and other activities.

There will be oranges available again for after the walk. The kids need to bring their own water bottles, sunscreen (hat) and proper foot wear. Please let me know if anyone has more questions that I can answer.
