

**The 2017 Halloween Party**  
**By: Janayah Alvarado**

Did you like the 4th grade halloween party? Most people liked the whole party. Also all people liked their classmates costumes and their own. Students definitely like the snacks,candy,and drinks. People ate some candy too. We had the halloween party at rocky mountain elementary school. We also had our halloween party at 2:00. Students were inspired to wear these costumes because they liked the movie or the show. Or they just really liked the person's personality. Some people were villains and some people were super heros. Some people were obsessed with their costumes too ,and some students were terrified. At the party we got to eat, color, talk, and we listened to music. Those are some of the things that we did during the halloween party. Hopefully you guys liked the whole entire halloween party and other things.The party was crazy but really fun!!

**Rocky Reporters Review**  
**By: Devlin Harris and**  
**Dominick Weeks**

If you want a review then read this article.

According to Mrs. Connie, she "has to see Mr. Rohde's whole program in one day, which is 10 kids." Mrs. Connie also claims she "Has to see 10% of each grade which is 50% of the school. According to Mrs. Virden she has to replace "\$5,000" worth of stuff in one year."

Also, Mrs. Virden "Has to replace technology, worn-out books, and playground balls." For Mrs. Virden's start, she had to go to college to become a vice principal and then she became a principal. Mrs Virden said she wanted to become a principal, "So I could make a difference for each and every kid."According to Mrs. Virden, in 2015, 100 kids got sent to her office, and in 2016, 58 kids got sent to her office. A great turn around!

**The 2017 Halloween Parade**  
**by: Lydia Adcock**

If you go to rocky mountain you will see amazing costumes.For example you will see animals, heros,villains,scary,and most of all cute ones.The whole school has fun on Halloween because we do parties,parades,and we get to wear our costumes all day long. At 3:00 the school gathers to attend a Halloween Parade. It includes classes from preschool to 5th grade. We all have a fun time and when every grade comes around we give them a high five or wave. Everyone has amazing costumes as well as creative. Mrs. Virden and Mrs. Wimsatt are the people who make this happen. I ask students about the parade and this is what they had to say; Marcela said, "I love the parade and I love unicorns." Marcela also liked the heros and villain costumes. Janayah said, "She liked the parade very much". The yearly parade is a time where all students can have fun and celebrate together!
